

## PLAN TO FILE FIRST PAPERS FOR NEW HOTEL

Preparations Being Completed—Articles of Incorporation Soon.

Articles of incorporation of Rock Island's new hotel company probably will be filed with state officials in the near future. At a meeting of the committee promoting the project, of which H. H. Cleveland, president of the Rock Island Chamber of Commerce, is chairman, met Wednesday afternoon at the Rock Island club, and after hearing reports on various phases of the undertaking, decision to conclude the matter of incorporation soon was reached.

The new organization will be incorporated under the name of "The First Armstrong Hotel Company." It is not known what amount will be stated in the original document, but it is likely that the introductory papers will be made out with only a nominal amount for the purpose of organization, to be increased later to the amount made necessary by the estimated cost of the project at the time plans are matured and are to be carried into operation. No information as to the officers to be named in the incorporation papers of the company was given.
